

Optichrome Limited

offset 33.445 tCO₂e

through Verified Carbon Standard (VCS) reduction projects
thereby offsetting carbon emissions
and helping to prevent climate change

during

January / February / March 2025

Ref: INV4529958

EBB

Matt Elliott, Managing Director
Elliott Baxter & Co Ltd & Elliott Baxter Ireland Ltd
www.ebbgroup.com

John Buckley, Managing Director
Carbon Footprint Ltd
www.carbonfootprint.com

In addition to our standard offsetting programme using verified carbon credits, EBB has opted to enhance our carbon offsetting programme by supporting tree planting projects in the UK. Every year we are funding projects to plant 800 native species of trees that have been grown from UK seeds in UK nurseries.

Optichrome Limited

offset 29.754 tCO₂e

through Verified Carbon Standard (VCS) reduction projects
thereby offsetting carbon emissions
and helping to prevent climate change

during

April / May / June 2025
